Technical Data Sheet

# Post Top- Four Panel Light

## OVERVIEW

| | |
|---|---|
| **Power** | 100W |
| **Voltage** | 120-277V |
| **LED Module** | 2 x 50W |
| **Lumens** | 10400lm |
| **Efficacy** | 104lm/W |
| **Color Temperature (CCT)** | 3000K |
| **Light Distribution** | Type II |
| **Receptacle** | 7-Pin NEMA |
| **Photocell** | Standard |
| **Ingress Protection Rating (IP)** | IP65 |
| **Lens** | Polycarbonate |
| **Housing** | Die-cast Aluminum |
| **Width (Inches)** | 15.75" |
| **Height (Inches)** | 25.74" |
| **Net Weight (lbs)** | 17.64 |
| **Box Dimensions (Inches)** | 1.62" x 1.62" x 3.35" |
| **Box Weight (lbs)** | 22.05 |

## Application Area

Parks, Pedestrian Pathways, Residential Streets, Campuses, Commercial Outdoor Spaces

## Warranty

**Warranty Limitations:** To ensure eligibility, the product must be installed by a certified electrician in accordance with the guidelines outlined in the installation sheet. The 5-year warranty remains valid only if all operating conditions strictly adhere to the parameters specified in the installation sheet. Any installation errors or deviations from the provided instructions will void warranty coverage. Additional coverage options may be available for purchase—please contact IKIO representatives for more information. Warranty claims must be initiated by submitting a completed RMA form. For full warranty details and terms, refer to the comprehensive warranty document.

## Product Description

IKIO's Post Top Light is designed to enhance outdoor spaces with reliable, uniform illumination and modern styling. Its durable construction and optimized optical performance ensure consistent lighting for pathways, streetscapes, and public areas. The fixture supports stable operation in varied environments while maintaining an attractive aesthetic suited for contemporary and traditional settings. Engineered for longevity and minimal maintenance, it provides dependable lighting that improves visibility, safety, and overall ambience in outdoor applications.

## Features

- Robust housing designed for long-term outdoor performance and environmental durability.
- Optimized optics deliver uniform, glare-controlled illumination across wide areas.
- Seamless, enclosed design supports reduced maintenance and extended service reliability.
- Stable light output enhances visibility and safety in public outdoor spaces.
- Versatile aesthetic complements both traditional and modern outdoor environments.
